WELLER PROFESSIONAL GUN (260/200 watts)

Heavy duty gun. Highest output gun with 2-position trigger selection of dual heats. Heavy gauge, high efficiency, pre-tinned copper tip comes up to temperature in 6 seconds. Balanced pistol-grip design with twin lights to illuminate work. Complete with soldering hints booklet. 2-wire cord. UL-listed.

Part No.	Watts	Volts
WELD550	260/200	120

SOLDER IRONS

Heavy Duty Plug tip Irons are designed for continuous duty with fast heat recovery. They are the most rugged, heavy duty irons available. The case, which is machined from a solid piece of high strength carbon steel, is practically indestructible. It is hex shaped and can be gripped in a vise or held with pliers for tip removal without damaging the case or heating element. The front nut is designed to absorb the impact and shock when the hot iron is dropped in the holder. The unique heat interrupter deflector design provides a cool comfortable handle. All irons below are supplied with copper tips. Other tips available on request.

Electricians Tools Knockout Punches & Fish Tapes

GREENLEE KNOCKOUT PUNCH KITS

This Hydraulic Knockout Punch kit enables fast, easy knockouts of standard pipe and conduit sizes in up to 10 gauge steel. Set includes 767 hydraulic hand pump, ram unit, punches and dies for 1/2", 3/4", 1", 1 1/4", 1 1/2" and 2" conduit, No. 736 Unibit in a convenient molded carrying case.

Part No.	Description
GRN7306	1/2 - 2" Hydraulic KO Set

GREENLEE KNOCKOUT PUNCH SET

Sets include punches, dies, and screws required for punching up to 2" conduit size holes. Packed in a convenient molded case.

Part No.	Description
GRN735	1/2" - 1 1/4" K.O. Punch Set
GRN737	1 1/2" - 2" K.O. Punch Set

GREENLEE KNOCKOUT PUNCHES

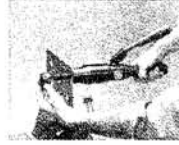

Greenlee Knockout Punches are the fast way to make clean, accurate openings for 1/2" thru 5" conduit right on the job. Easily operated with ordinary ratchets or hydraulic drivers they can punch up to 10 gauge metal in seconds.

Used extensively for punching conduit holes in metal boxes, cabinets and panels. No wasted time reaming or filing. Just insert the punch drive screw in a 7/16" drilled hole, give the nut a few turns, and the hole is made.

Part No.	Size (in.)
GRN73008	1/2
GRN73009	9/16
GRN73010	5/8
GRN73012	3/4
GRN73014	7/8
GRN73016	1
GRN73017	1 1/16
GRN73032	2

Other Sizes Available on Request.

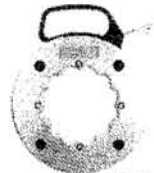

GREENLEE HYDRAULIC PUNCH DRIVER

This hand held Hydraulic Punch Driver punches 1/2" thru 1 1/4" conduit plus 1 7/32" oil tight holes in one punching operation. A special adapter converts standard Greenlee Knockout Punches to use 7/16" draw studs for one-step punching in 14 gauge mild steel. The compact, lightweight design makes this unit ideal for one man operation. Powerful hydraulic unit develops 8 tons of force for easy punching. Packed in a custom molded storage case.

GRN7804	Hydraulic Punch Driver in Case

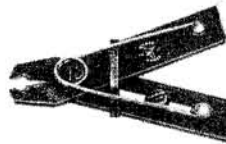

FLAT STEEL FISH TAPES IN WINDER REEL

Rugged, easy-to-use Klein winder reel keeps flat spring-steel tape in its place and under control. Helps prevent kinks, saves time, and protects tape. Comfortable, easy-grip design lets you turn reel in either direction for one-hand feed or take-up while other hand directs tape or brings it back in tight. Compact, high-impact Cyclocac® reel is light, but built to take hard use. Internal nylon safety band stops tape from "popping out." Four big viewports let you gauge how much tape remains. Reel disassembles easily to replace or switch tapes, reassembles in minutes. (Use a Klein Fish-Tape Leader for smoother, easier fishing through tight runs.)

Part No.	Size	Reel Dia.
